The salsa will be made from scratch by Morgan Jessee. The fruit salsa will be offered for breakfast at all 5 Elementary Schools with whole grain-rich pita chips. In addition, Howard Elementary will be serving breakfast and promoting the importance of the physical activity to students serving breakfast on frisbees embellished with the new HSSD School Nutrition logo thanks to Action for Healthy Kids Breakfast Start-Up grant funding. HSSD GRADUATE PROFILE

The Howard-Suamico School District (HSSD) vision is an *authentic, innovative, connected, and inspired* experience for an ever-changing future. In order to achieve this vision for our students, HSSD Graduate Profile has been developed to include seven characteristics that are at the center of learning in our schools and community. Graduate Profile characteristics are critical skills for engaged citizenship, successful career paths, and meaningful community involvement. Graduate Profile characteristics include self-starter, critical thinker, collaborator, communicator, adaptable, responsible, and solutionist. Rigorous academic standards present daily opportunities for students to demonstrate profile characteristics in our classrooms. Foundational academic skills learned and measured alongside the graduate profile characteristics accentuate a whole-student experience in HSSD.

Throughout the year, the Board of Education monitors student performance in HSSD Graduate Profile seven characteristics. At the October 21 Board meeting, we talked with teachers from multiple grade levels and observed mathematics lessons in action with students developing critical thinker and solutionist skills. At the November 18 Board meeting, we met with teachers and literacy coaches and observed literacy lessons in action with students growing as communicators.

To provide rich learning opportunities, instructional practices are now emphasizing performance tasks so that students can grow and learn these seven characteristics. Seeing our students intentionally developing HSSD Graduate Profile characteristics is exciting and rewarding because we know they are being prepared to thrive in our complex and rapidly changing world. For more information about the Howard-Suamico School District, Board of Education, please visit our website at www.hssdschools.org, or for additional information regarding this article, contact your school board member listed below.
